

Project Overview

As of April 27, 2012

Current conditions on Joyce Avenue

Joyce Avenue - Phase 2

Description and Benefits: Project will improve Joyce Avenue between north of 17th Avenue and Twelfth Avenue as well as Seventeenth Avenue between Joyce and 300' west of Billiter Boulevard; see red lines on map. Upgrades and additions include curbs, gutters, sidewalks, *Americans with Disabilities Act*-compliant curb ramps, shared-use path for bicyclists and pedestrians, improved signals and signage, storm system, street lighting, landscaping and resurfacing. Joyce will be widened from two lanes to three in several sections.

Sidewalks and storm sewer will be added to Seventeenth between Joyce and Brentnell avenues; see blue line on map.

The finished project will provide safer pedestrian and traffic accommodations, improve roadway appearance, add drainage facilities and encourage redevelopment in the corridor.

Status: In design.

Schedule:

Design scheduled for completion in December 2012 and right-of-way acquisition in January 2014. Construction expected to start in winter 2014 and finish by summer 2016.

Costs:

Design, right-of-way acquisition and utility relocation	\$850,000
Construction and inspections	\$7,300,000
